### Major Speakers

Dr. Huisheng Xie, DVM, MS, PhD

Dr. Xie received his DVM at the Sichuan CVM in China 1983, his Master of Science in Veterinary Acupuncture in 1988 and his PhD from University of Florida in 1999. He is the Director of Veterinary Acupuncture Internship Program at the Veterinary Medical Center of the University of Florida. He has been invited to lecture veterinary acupuncture and herbal medicine all over the world. He has published 10 books and over 100 scientific papers.

Roger Clemmons, DVM, PhD, CVA

Dr. Clemmons received his Doctor of Veterinary Medicine in 1973 and Ph.D in 1979, both from Washington State University. He is the Associate Professor of Neurology & Neurosurgery at the College of Veterinary Medicine, University of Florida, and is a Certified Veterinary Acupuncturist as well. He integrates veterinary acupuncture, herbal medicine and nutrition into his practice.

Shaolin Deng, OMD, AP, MA

Dr. Deng received her medical degree from Hubei University of Traditional Chinese Medicine in 1982. She has practiced and taught traditional Chinese Medicine (TCM) in China and the United States for over 22 years. She currently teaches and practices TCM in Gainesville, Florida.

*One More Step for Yourself  
One More Option for Your Patients*

### *Veterinary Herbal Medicine Program Will Be Available Online from Dec 14, 2008*

**Celebrating Our 10th  
Anniversary with  
Something New ...  
Something Cutting  
Edge for You!**

Starting Dec 14, 2008 we will introduce our first ON-LINE class! To take advantage of modern technology, and to allow our students to study at whatever time increments and hours they choose, we are very proud to announce that TCVM Clinical Approach/Chinese Herbal Medicine training program can be taken either on-line or onsite.

The program is a 165 C.E. hour (RACE approved) program, divided into five modules (see below). You can start from any one of the five modules without regard to sequence. Upon completion of all five modules, passing 5 take-home exams and the submission of three case studies, you will receive a Certificate of Veterinary Herbologist from the Chi Institute and China National Society of TCVM. These classes can be combined with onsite classes, or not, as you wish.

**50% off**  
for Auditing

Date	Module	Tuition*
Dec 14, 08 to Mar 13, 09	Kidney/Geriatric/Urinary/Reproductive	\$850
Mar 8 to June 7, 2009	Liver/ Endocrinology	\$850
May 3 to Aug 2, 2009	Dermatology/ Oncology/ Immune-mediated Diseases	\$850
July 25 to Oct 24, 2009	Gastrointestinal/Spleen	\$850
Oct 25, 09 to Jan 24, 10	Respiratory/Cardiovascular Diseases	\$850

\* A 50% discount on the tuition is offered for those who already took the same module at the Chi Institute before.

**Fees:** Application Fee: \$100 (New Student Only); Case Reports Review and Certification: \$150; Introduction Module to Chinese Herbal Medicine: \$100 (required only for those who have not taken any Chinese herbal courses before).

#### *What you will get*

- 1 Online Lectures (24 hrs) + Lab Demo (2 hours) + the Notebook Binder for Each Module
- 2 Herbal Samples Kit (the same as the onsite class)
- 3 Homework Assignment
- 4 Case report example
- 5 Daily email mentorship
- 6 Eligible for the Diploma of Certified Veterinary Herbologist (CVH).
- 7 165 C.E. Hours

#### *What you need*

- This program is for licensed veterinarians only.
- High Speed Internet Connection: all lectures and lab demos are online streaming video that you can study 3 months for each module.

#### *How to register*

Please call 800-891-1986 or visit [www.tcvm.com](http://www.tcvm.com) for registration or program details.

#### *What you will Learn*

- ◆ This program will provide you with the confidence to use Chinese herbal medicine. You will learn about the 100 most commonly used herbs in the Chinese herbal materia medica and the top 150 classical formulas and herbal formulas that have been designed specifically to address the needs of veterinarians. During each module, you will receive a sample kit of the herbs covered to enable you to experience first-hand the tastes and actions these herbs possess.
- ◆ From this program, you will gain a deeper understanding of TCVM fundamental principles, advanced theories and physiology and pathology of the Zang-fu organs.
- ◆ Your TCVM diagnostic skills will be enhanced thereby giving you greater confidence in evaluating and treating your patients with TCVM.
